Did you know that being in love is not a stage you grow out of? We can grow more passionately in love each year. Come and experience *Living in Love*, a liberating retreat which gives insight into how differently men and women prefer to achieve intimacy. It helps couples get in touch with the resources that draw them to each other and fuel their romance. *Living in Love* is a practical application of John Paul II's Theology of the Body and provides a life-changing experience. This remarkable retreat gives married couples of all ages the opportunity to reconnect with their own love history while gaining a joyful sense of hope, purpose and direction for the future. The action-oriented, common sense approach is refreshingly "male" friendly. Don't miss this opportunity to grow more in love with your spouse!
